

INTEFLEX™

STACKING MODULAR WALL PANEL SYSTEM

ELEVATIONS™

ELEVATIONS™ raises the classic look of horizontal panels to a place of eminence. With a combination of laminates and a mirrored stainless steel vertical panel, this uplifting design is perfect for promoting corporate or university color schemes.

The ELEVATIONS™ design shown utilizes a mirrored stainless steel vertical panel. Colored laminates are used on the horizontal panels. The powder-coated panel reveals add depth and definition to the wall surface. Brushed stainless is used for the wall base, cap and corner reveals.

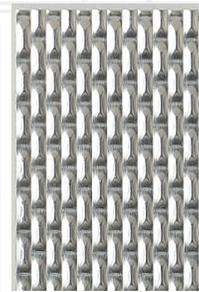

Artistic rendering. Actual design is proportionate to cab size. INTEFLEX™ ELEVATIONS™ with Formica® Grenadine 6902 laminate. Mirrored stainless steel vertical panel. White powder-coated panel reveals. Recessed stainless steel wall base, cap and wall reveal. Shown with 2" stainless steel flat bar handrail.

Additional ELEVATION™ panel designs and material selections can be seen on our website.
