

INTEFLEX™

STACKING MODULAR WALL PANEL SYSTEM

VERTIGO™

The VERTIGO™ design is a timeless elevator look. The vertical panels provide a pleasant and familiar atmosphere. The VERTIGO™ design is one of our most popular Inteflex™ Stacking Modular Wall Panel System Designs.

The VERTIGO™ design has three proportionate panels separated by powder-coated panel reveals. The stainless steel wall base, cap and corner reveals frame the VERTIGO™ design. You can select from woodgrain or solid color laminates to achieve your own custom classic interior. For a more durable finish we also offer brushed and textured stainless steel.

Additional VERTIGO™ panel designs and material selections can be seen on our website.
